CAREER OBJECTIVE

To secure a position where I can efficiently contribute my skills and abilities to the growth of my organization and build my professional career.

TECHNICAL SKILLS	SOFT SKILLS
Languages: HTML5, CSS3, JavaScript (ES6+), React.js, MySQL **Software:** Visual Studio Code **Tools**: Git	Communication Problem-Solving Prioritizing Tasks

PROJECT

Random Quote Machine

freeCodeCamp | September 2023

- Developed a dynamic and interactive web application, the Random Quote Machine, using React.js. This project provides users with a random quotes, emphasizing a clean and modern user interface.
- Used React.js to build a seamless and responsive single-page application. Utilized React components and state management to efficiently handle dynamic content updates.
- Gained hands-on experience to build interactive and stateful applications efficiently.
- Technology used: React.js, CSS3

Marvel Web Site

- Designed and developed a responsive web application using HTML, CSS, and JavaScript.
- Implemented dynamic features using JavaScript to enhance user interaction, such as toggling between dark and white mode.
- Acquired proficiency in writing clean and well-organized code.
- Technology used: HTML5, CSS3, JavaScript

Academic Experience

Decentralized Crowdfunding System

College of Engineering Kidangoor | June 2022 – May 2023

- Developed an Ethereum crowdfunding platform by leveraging Solidity for smart contract development and React for frontend interface, thereby facilitated secure and efficient fundraising.
- Collaborated effectively within a 4 person team, demonstrating strong teamwork and problem solving skills, to successfully deliver the project.
- Technology used: React.js, CSS3, Solidity

EDUCATION

B.Tech in Computer Science and Engineering | 2019 – 2023

- College of Engineering Kidangoor
- Under APJ Abdul Kalam Technological University
- CGPA: 8.42/10

LANGUAGES: English, Malayalam, Hindi
